TIM O'BRIEN AND DARRELL SCOTT

MEMORIES AND MOMENTS

D

The release of *Memories & Moments*, is the second studio album from highly regarded writer/singer/multi-instrumentalists Tim O'Brien and Darrell Scott, released on their newly formed Full Skies imprint, a compound of O'Brien's *Howdy Skies* and Scott's *Full Light* labels. Comprising five songs apiece from O'Brien and Scott plus one memorable collaboration in their timely "Turn Your Dirty Lights On," along with a pair of chestnuts from Hank Williams and George Jones and a spirited rendition of the John Prine classic "Paradise," with its author guesting on guitar and vocals, *Memories & Moments* is a face-to-face record by design.
